01/28/21

For the third year in a row, multiple Selendy & Gay partners have been named “Leading Lawyers in America” by Lawdragon. This prestigious list honors the top 500 attorneys in the United States.

This year’s winners worked to safeguard voting rights, advocated for class action plaintiffs, and pioneered new claims in securities and cryptocurrency actions, among many other cases.

Returning to the list for the third consecutive year were partners Faith Gay, Philippe Selendy and Caitlin Halligan, who were joined by second-time winner Jennifer Selendy. David Flugman debuted on the list this year.
