

Pathways to Leadership for the Public/Non-Profit Sector

01/14/20

Partner Caitlin Halligan will be a panelist at Harvard Law School's workshop, "Pathways to Leadership for the Public/Non-Profit Sector."

The workshop is designed to provide first-year students with frameworks, tools and perspectives that will enhance their ability to succeed in leadership roles.

Through a mixture of leadership case studies drawn from the public/non-profit sector and interactive exercises, Halligan will guide students in exploring the real-world skills that leaders call upon to catalyze change.
