

Selendy Gay Elevates Laura King to Partner

11/25/25

Selendy Gay is proud to announce the elevation of Laura King to partner, effective January 1, 2026.

“Laura is an outstanding litigator, a fierce advocate for her clients, and a passionate leader and mentor,” said Kelley Cornish, the firm’s Managing Partner. “Her vision and commitment to excellence have led our trial teams to significant victories, and those same attributes will be a tremendous asset to our leadership team.”

Laura is a litigator with experience representing plaintiffs and defendants in complex commercial litigation, and regulatory and criminal investigations. Her recent victories include defending a technology-focused venture capital firm and its founders in a long-running arbitration, achieving a complete victory against former investors challenging a management buyout transaction. She also secured a sweeping ruling that TennCare, Tennessee’s Medicaid program, violates the Constitution and federal law, in a class action brought on behalf of 100,000 enrollees who were improperly disenrolled from coverage.

She currently represents the Litigation Oversight Committee on behalf of Genesis Global Holdco, LLC, in a lawsuit seeking the return of crypto assets worth approximately \$2.2 billion.

Laura’s promotion brings the firm to 20 partners and more than 60 associates, all focused on complex litigation, arbitration, and investigations.
